Subject: Train Archives

Hey Jennifer,

I did some research, and I found out that all of the coal cars that come into the power plant by me have WEPX on them. I got access to the Railroad Archives. Anytime a new train car is put on the tracks, its photographed and archived. WE Energies is the proud owner of 4780 train cars filled with coal.

1. Coal car I took a picture of on Saturday May 24th 2014.
2. Coal Car Archived on 9/21/2006 notice the same car #.
3. Listing in the archive of WEPX definition.

I am sending this to you both.

Thank you

Bill Pringle
